## McLachlan Gets 2 Year Sentence

Buffalo, N.S. Nov. 1.—Two years' imprisonment was the sentence pronounced yesterday morning on James H. McLachlan, former secretary of the United Mine Workers, charged with conspiracy to defraud the United Mine Workers.

McLachlan, 36, convicted in the supreme court on a charge of sedition in 1921.

James H. McLachlan, who served 18 months in the United Mine Workers, and during the confinement in the Cape Breton Jail July and August, was arrested on orders of the attorney-general's department on a charge of sedition (false tales, and the alleged Daniel Livingston, president of the organization, was also arrested jointly with McLachlan.

McLachlan was a laborer connected with the house of the nation, and a copy of the British Empire Sheet Corporation, the latter setting forth all the activities committed by the provincial police in carrying out their duties in England and recording the strikers. After considerable legal action, had for the two men, who were arrested and McLachlan was tried at the fall sitting of the

supreme court, which found, his guilty of sedition held in connection with the latter. Livingston's case had not yet come to trial and he is at liberty on bail.

## Will Remove Insulin Tax

Toronto, Nov. 1.—It is expected that federal sales tax of four and one-half per cent, on insulin will shortly be removed by an order-in-council placing the extract on the exempt list. The fact that the preparation has been taxed is, it is thought, due to the fact that the matter has never been brought to the attention of the minister.

As matters now stand, officials of the inland revenue department have no alternative but to collect the tax until such time as the order-in-council is passed.

According to information given by Dr. Robert Doherty, assistant director of the Commonwealth Laboratory, who is in active charge of the semi-annual production of insulin, the tax was levied on October 20 after a consultation with Ottawa.

**TAX AFFECTS MANY**  
The tax affects about 700 people who buy their own extract. When it

was first levied, we reduced the price from three to two cents a unit. The federal tax is added to the price and the importer made to those who cut it off it.

"The department said that it was absolutely necessary. There is at the present time a sales tax on drugs and medical supplies and other biological products of insulin is commensurate."

"We had no choice but to pay the price of insulin," said Dr. Doherty. "The tax was cut to three cents and will later to two."

"We are doing the thing for practically nothing and I don't see why this government should tax it," said Col. A. E. Gooderham, who is closely connected with the Commonwealth Laboratory. Dr. Doherty is giving insulin to the public as cheaply as possible and of course this tax increases the price.

## 4-WHEEL BRAKES SAFETY FACTORS

NEW McLAUGHLIN MODEL LURES MANY MOTORISTS TO INSPECT CAR AT HALLOWEEN

That the new McLaughlin has in its line of Buellville motorists has been shown by the number of people who have called at their showroom on Bay Bridge Street, to inspect the new demonstrator that the firm has re-tested of the 1923 four-wheel brake model touring car.

In line with the spirit of the times which is to mitigate accidents in this period of increasing motorized travel, McLaughlin offers fourteen new body styles, all equipped with four-wheel brakes and something new in case of control.

A step ahead of the parade, McLaughlin is the first medium-priced car to come out with four-wheel brakes as stock equipment. They are not optional, but are included in the catalog purchase price of the car. These brakes are of McLaughlin's successful external type extended to all new models. They have been in the process of development for years and, according to factory officials, have recently been subjected to more than 150,000 miles of hard and varied road tests.

A specially patented McLaughlin stanchion and universal joint are set at such angles that when turning a corner the outside front wheel does not respond to the brake, permitting free case of control, even though the brakes have been slammed in hard.

The committee is to be "real sportsman" and unquestioned integrity and when the committee is appointed to name the American representative against Pappas was founded on the night before the race trying to decide between Dr. J. and Dr. K. Their report was that they finally decided the committee of Dr. J. as being good enough to be a worthy representative of America.

Looking at it from the other side, however, there is much to be said. It appears that the committee was trying to make the horse fit the race, and not the race fit the horse. The committee's judgment. My own idea on the subject would be that Dr. J. on a level track and Dr. K. was regarded as one of the greatest horses of all time for the most.

It looked very much as if the committee wanted Dr. J. available for the race and Mr. J. was ready for a fast track.

When the race was proposed it would have resulted in much better feeling if the American horses had named the opponent for Pappas in order of bringing him over here to meet one of our horses, which could have been picked the night before the race.

Several from Belleville and also from Cornwall and Alliston attended. After the lodge was closed, a good supper was provided for all present.

Mr. Barry Hargrave has commenced hauling the lumber house from Wellington for his new farm which is being erected in this spring.

## DEATH INTERVIEWS

AT HALLOWEEN PLAY

Hamilton, Nov. 1.—Death stepped in and out of the Halloween children of little seven-year-old Royal Dandy, son of Royal Dandy, 1923 Main street, last evening. He ran out into the street with his head covered with a paper mask with holes cut for his eyes. He ran into the path of an automobile driven by John H. Hargrave, in Laurier street, a grocer, and was run over by the vehicle. He was picked up unconscious, and several doctors were called, but he passed away at the General Hospital.

**Many Local Hunters Make Ready To-day**

Twenty-five hunters, several of which required licenses this morning, in preparation for the big opening on November 4th, at Mr. J. B. A. Thomas informed The Intelligence today.

"There will be a great gun war this week," says the opinion of Mr. Thomas, who claims the hunters in this city, and when the season opens on November 15th, dozens of many deer, caribou and moose will have been bagged. Both opening and closing days are inclusive. That is the above mentioned animals may be legally killed on the opening and closing day.

Toronto, Nov. 1.—Marriage license issued for October, 1923 to date, as compared with last October, shows an increase of 18. Four hundred and sixty-five licenses were issued for the month of October, but only 418 was the total.

## QUEEN'S ARE WINNERS AGAIN IN INTERCOLLEGIATE HOCKEY VARSITY TEAM EASY, SCORE 18-5

Kingston, Nov. 5.—Queen's are once again the Intercollegiate champions. Playing wonderful football they handed the "Blues and Whites" an 18 to 5 beating here Saturday afternoon and the score is indication of the play.

Queen's were unbeatable. At no time was their supremacy questioned. They took the lead in the first three minutes of the play when a fumble by Plaxton gave them a touch-down. From there they increased it steadily. Varsity could make no impression on the Queen's line. Queen's half-backs ran riot during the game. Twenty-three times they made the line jump in air, and they gained their only six times. That was an indication of the Queen's supremacy over the "Blues and Whites."

Leading and Bateman were towers of strength for the trioler, the latter being the true star. They were long enough to beat the best backer until he was forced to give up. Bateman was the watch dog of the back. He was not a backer, but he was a backer. He was not a backer, but he was a backer. He was not a backer, but he was a backer.

## Impressions Of The Great Rugby Classic At Kingston

An unusually bright November day, with perfect weather, conditions for the Rugby Classic of the season were good. The game was played at Kingston, when Queen's squad met and defeated U. T. N. Varsity eleven on Saturday for the Intercollegiate Championship 1923. When they defeated the lions and white, they repeated their performance of 1922, and won a second 121 at Kingston in the midst of the wonderful atmosphere which they sold to us. In 1922, they won the championship, and in 1923, they won the championship.

When the players took their place at the field, and before the game, it is estimated that some 5000 fans stood, while the National stadium was played for "Queen's Own" band, and then the game was on.

Many men and newspaper photographers lined up with one another in their eagerness to get every action photograph of the great team "U. T. N." while the game, play was in progress. Queen's district was exceptionally well represented, nearly 5000 "Old Boys" being there. Queen's "Old Boys" being there.

## PLAYING MANAGERS COMING BACK

By HENRY F. FARRALL.  
(United Press Sports Editor).  
New York, Nov. 5 (United Press).—Not so long ago the Cleveland Indians were considered exceptional, in that they were led by "Tip" Specker, a playing manager.

When the players took their place at the field, and before the game, it is estimated that some 5000 fans stood, while the National stadium was played for "Queen's Own" band, and then the game was on.

# "What's the News?"

WHEN Columbus and his caravels returned from the New World, the first question shouted from the shore was, "What's the news?"

That's always the question of your newspaper. Years ago folks asked of the explorer, the soldier returned from the wars, the man who had been down to the settlements, or the neighbor back from the general store.

To-day, you find the answer in your newspaper. Through the newspapers the news of the world and of the community quickly becomes public knowledge. And remember this—these two kinds of news make a modern paper complete.

The first tells of happenings near and far—of fires, sports, elections, accidents, marriages, deaths, great men, great events.

The second tells of things you eat, wear and use—things you buy, things being sold to you: friends and neighbors. This news is advertising.

It's just as important to keep up-to-date on the advertising in this paper as it is to read about what's doing in the world of events.

## Advertising is an essential news service.

It is distinctly to your advantage to be guided by it.

**Resolution Offered By  
Belleville Chamber**

Resolved: that a well-organized and systematic endeavour be made by Boards of Trade and Chambers

of Commerce, in co-operation with the Government of the Province, especially during this period of returning confidence and development to secure the establishment within the Province of branch industries from Great Britain and the United States.

The resolution provides for the establishment of a committee to study the needs of the pulp and paper industry, the manufacturers and industrial consumers of pulp and paper, the commercial, labor, markets and opportunities; and it be further resolved that the committee be empowered to secure the investment of capital from abroad in order that the pulp and paper resources and production be undertaken as will attract capitalists and foreign investment in a profitable location, and that, for these purposes, advantage be taken of the facilities of the pulp and paper conferences which have been inaugurated to foster, develop and promote the interests and communications of the British Commonwealth.

# ABOUT TILE DRAINAGE

It Will Pay to Underdrain the Average Field.

Advocate of the Drainage Act—London.  
Provided for by the Drainage Act—How the Drainage Act is being put into effect in the Trade of Great Britain and How—Within Reach of All.

Continued by (Special Investigation—Artificially Produced).

Just how the drainage can be used and made to pay has every body's open question with farmers. Nearly every farmer has seen a drainage area, a low flat, "your field" or "old money" of his own or his neighbor's farm and made into "valuable productive land, and he is quite ready to agree that possibly for each high-priced crop as corn, wheat, timothy, tobacco or sugar beets it might pay to pretty thoroughly drain a field. But the idea of giving as careful treatment to land that year after year gives fairly average yields of ordinary crops—grain, corn, potatoes or hay—popularly at present prices for these commodities, looks altogether out of place. Besides, it has been argued, we all vary very much when what was selling two to three dollars a bushel is taken of drainage, but with dollar wheat scarcely meeting the cost of production, it looks distinctly as if three good crops may be lost.

The important man means to be sure the drainage is the purchase price of the land, the trench digging and the laying. A fair estimate of the cost in Western Ontario at the present time gives \$15 per acre for the trenching and the laying of the pipe, and \$10 per acre for the laying of the pipe. The cost of the pipe is \$10 per acre, and the cost of the trenching is \$10 per acre. The cost of the pipe is \$10 per acre, and the cost of the trenching is \$10 per acre.

## Police Clean Up N. Y. Crime Wave

New York, Nov. 19.—The entire police force of the metropolis went on "foot" tonight in the battle to suppress a rising crime wave.

Commissioner Egan, before departing on a vacation trip to Bermuda, issued an order requiring that all policemen on duty return home for a day, having only eight hours of sleep.

The order is a result of a series of bold robberies beginning with the murder of two bank employees in a \$12,000 bank robbery.

The latest outrage was a mid night fifth avenue store which netted the bandits \$10,000 in four stolen after the front store windows of the establishment had been smashed with a golf club.

Commissioner and other insurance companies are in an uproar and have issued statements advising crime in the transportation of money and protection of property.

Two alleged additional persons are on duty now, the commissioner's order.

## Baldwin's Tax to Raise Revenue

London, Nov. 19.—Prime Minister Baldwin Saturday issued an address to the voters in the Bowdler division of Worcester-which, he represented in parliament informing them that the Conservative party proposed imposing duties on manufactured goods with the following objects:

"First—to raise revenue by methods less unfair to our own home production than at present have the whole loads of local and national taxation, including the cost of relieving unemployment."

"Second—to give special assistance to industries which are suffering under unfair foreign competition."

"Third—to utilize these duties in order to improve the production of foreign goods in those directions which would most benefit our export trade."

"Fourth—to give substantial protection to the empire on the whole of our duties, with a view to preventing the continued extension of the people of mutual preference, which already has done so much for the expansion of our trade and the development in co-operation with the other governments of the empire, of the boundless resources of our common heritage."

**Burglars Carry  
Safe From Laundry**

Toronto, Nov. 20.—At half-past ten on Saturday night the West End laundry at 411 Queen street was closed its doors. At that clockwork hour, when the customer came to work, he found that the safe, containing \$1,000 and \$1,400 in cash, had been spirited away by the burglars.

At 6½ yesterday morning a policeman posted at a car standing outside the laundry and asked the man told him he was waiting for a friend who was coming from the laundry at 411. The policeman took a note of the number and then went on. He was not thinking the matter over he decided to investigate. Going to the rear he found the safe from the laundry morning it was found that the safe was empty.

QUINTENA LODGE

## HOLD 'AT HOME'

Members of Quiltena Rebekah Lodge No. 133 were at home last evening in the Oddfellow's Temple. The committee in charge of the At Home was Mrs. G. Cornish, Noble Grand; Mrs. M. A. Ketchum, scavenger and Mrs. L. Jordan, Secretary.

In the early part of the evening progressive euchre was played and the successful competitors were as follows:

Ladies.  
First prize—Miss Eva Gram.  
Second prize—Mrs. H. Morgan.  
Consolation prize—Mrs. J. Salt.  
Gents.  
First prize—Thos. Robbins.  
Second prize—Arthur Rogers.  
Consolation—R. C. Patterson.  
At the conclusion of card playing and distribution of the prizes, refreshments were served. Dancing which followed was well enjoyed. The orchestra provided appropriate dance music.

## WEDDINGS

**ANDREWS—HENRY.**  
A very quiet, but pretty wedding took place Wednesday morning at eleven o'clock in St. Andrew's church, Petersburg, when Mary Evelyn, second daughter of Mr. and Mrs. W. J. Henry, became the bride of James C. Andrews of Belleville. The Rev. James Reilley officiating.

The bride was attended by her sister, Miss Helen Henry, while Mr. E. M. Andrews supported the bridegroom. Mr. John Crand played the wedding march. After a short honeymoon the happy couple will reside at the home of the bride's parents.

**CALBERTY-RUSHLOW**  
A very pretty wedding was solemnized last evening at "Moodie Cottage" in the radiant glow of the bright, here five o'clock hospitality, when promptly 8.15 o'clock Miss Myrtle Ethel Rushlow, daughter of Mr. Lewis Rushlow, was united in marriage with George Calberty, son of Mr. and Mrs. William Calberty.  
Rev. A. L. Green performed the solemnizing ceremony before the immediate relatives, Miss Edna De Vault officiating as bridesmaid, and Mr. Fred Calberty acting as best man.  
The young couple will reside in this city.

**Hawk Kills Pheasant**  
**Woman Kills Hawk**

Lincoln, Nov. 22.—Mrs. Mary Dyng of Bobocrogen, while walking through the woods with her fowling piece recently, came within striking distance of a huge hawk, and held her own with the first shot. On approaching the big "bird of talons," Mrs. Dyng found that she had interrupted his midday meal, for the hawk had remnants of a pretty pheasant tucked into his crop. It was a case of life for a that day.

Mrs. Dyng who is very capable with the gun, is widow of George Dyng, Bobocrogen soldier who was killed in action at Meas shortly

fore the signing of the armistice.

shoes are in constant use when getting them away. The winter shoes should be brown and wiped clean. Calfskin and heavy leather shoes should be rubbed with mutton lard. After the grass has soaked in they should be wiped off with a piece of flannel. Kid shoes should be rubbed with cream and extra leathers preserved with oil. Each shoe should be "waxed" with a little shoe polish. The winter fluff newspaper, then "wrapped" separately in tissue paper and boxed. The original shape of the light slippers can be maintained by stuffing them with cotton. Tissue paper before being used was wrapped up in tissue paper and packed away in their own boxes.

created enormously, and it is more than necessary to stand on guard over these diseases. The reason for guarding dogs depends so much on the prompt action that it is impossible to overestimate the advantage to always have a good treatment on hand. The reason was that it prompted us to put on the market the first bottle of Dr. Chase's Lined and Turpentine. In the United States, where the economy in buying

chests and brenchitis get too great an advantage over the chest and brenchitis to change the old disease.

Such ailments are so serious to neglect, and they are too serious to accept any kind of cough mixture.

Dr. Chase's Syrup of Lined and Turpentine has long been known to be the best remedy for coughs and colds, and it is so well known that it is confused with the thousand and one cough mixtures that are sold. It is because people are so easily discriminating in their choice of treatments for such ailments.

It can be any Dr. Chase's Syrup of Lined and Turpentine in almost any store where medicines are sold. It is a cough mixture that is so good that it is having a battle at hand. Experience is a dear teacher, and it is the only teacher that can be so sure of its results.

Dr. J. B. B. Bigelow, Bigelow, O., writes: "I had a very stubborn cough for over four years, and I tried almost everything with very little result. I tried Dr. Chase's Lined and Turpentine. I used five bottles, and it worked. I have never seen so bold a cure in my life as is some years ago."

Percy Chard, Reuben Chard, Norman Sine, Roy Belshaw, William Tulloch and Earl Wallace, Stirling youths, charged

with assaulting "Rev." Elijah E. Bundoock, Apostolic preacher, on Tuesday night, November 13th\* on Anderson's Island, pleaded guilty to the charge when they appeared for trial here to-day at police court, before Magistrate S. Masson. Each of the six youths was given suspended sentence upon entering into bonds of \$200 each, and paying \$100 to Bundoock and paying out the other \$100 will probably go towards the purchase of a new suit.

an court costs. The \$100 will probably go toward the purchase of a suit of clothes to replace the suit which Bundeck was wearing on November 13th, and which was torn to shreds when he was roughly mauled. The costs are \$12.50 in each case.

The whole proceedings occupied one hour and a half, and no evidence was taken.

**NO CIVIL ACTION**

As a result of the trial this morning, "Rev." Bundock will be unable to bring civil action against the accused youths.

Section 734 of the Criminal Code sets out that "If the person against whom any such information has been laid by or on behalf of the person aggrieved, obtains such certificate or having been convicted, pay the whole amount

adjudged to be paid or suffer the imprisonment or imprisonment with hard labour awarded; he shall be released from all further or other proceedings, civil or criminal, for the same cause."

Laying of the new intake pipe in connection with improvements to the Belleville Water Works System has been completed and the gun has been placed in position over a 100-foot trench from the shore line. Yesterday afternoon the two

lengths from the room low to the new well were laid, and the 30 inch hydraulic valve was placed at the top. The pump and the top of the well have been connected and the forms placed in position for concreting the walls.

"What would have been the condition of the pump house if a new intake pipe had been installed," Manager Anglin was asked?

"It might have been serious," he answered, "owing to the fact that the portion of the old pipe just next the above mentioned water level. With this condition of the pipe, if we had a severe winter, a freezing of ice would no doubt have foundered on the inside of the pipe and it would have been impossible to get water through as such quantities as the natural capacity of the pipe is."

"Would a saving of ice be impossible on the inside of the pipe if a steady stream of water was flowing through it?" was asked.

Manizer Austin replied that it was necessary at times to close off the water from the pipe and this might be necessary at a time when the weather was "freaky!"

"I think a saving of ice is possible in this county, one at Hancock and the other here last summer when 'flee,' Logan was driven out of town."

"The Grand Jury did not return a true bill in this case, and there was no prosecution in the Logan case so the boys innocently acted on these precedents," commented counsel.

# Nerves So Bad That She Would Sit and Cry

Mr. Mary Hocking Madson, Ont., writes— "Dr. Chase's Nerve Food has done a wonderful lot of good. I suffered from general weakness and was so run down and my nerves were so bad that I would sit down and cry and not know what I was crying about. I also used to have weak spots. Thanks to Dr. Chase's Nerve Food, however, I am well and strong. I shall always keep a box of Nerve Food in the house, and recommend them to my friends. They are a wonderful medicine." (Ms. J. W. Vance, Druggist of Madson, Ont., says: "I have sold Mr. Hocking your Nerve Food, and the medicine has done her much good.")

The new Oshkosh-Peugeot helicopter No. 5, designed and piloted by E. Oshkosh, is reported to have been very successful in flights in France. The pilot did not attempt to get altitude, but confined his flying to from 10 to 15 feet from the ground. That he was able to stay aloft at even that altitude is considered a big step forward in aviation.

**TO DEFEND TOPPING**

London, Ont., Nov. 23.—It has been announced that D. J. A. Swanson of Oshawa, who defroiled George King, the Hamilton victim who shot and killed his sweetheart and was later tried for murder, but was sent to an asylum, has been engaged to defend Clarence Topping, the Strathroy youth who killed Geraldine Downham, with whom he had been keeping company because the girl told him she was to marry another.

"What do you make a woman? A Magistrate is an Italian strider.  
"Four pound, say."  
"What? Four pounds for an organ?"  
"No, say: not for da organ for da shut up and go away."

## CONSERVATIVES ARE GAINING AS ELECTION NEARS

Campaign in Britain Warns Candidates Are Hard at Work

### STRIKE QUICKENS

Heckler Brands Statement of Lloyd George as "Liberal Lie"

(United Press Despatch)  
London, Nov. 30.—With a three-cornered contest between the Liberal, Labour and Conservative parties, the latter's hopes grow stronger to-day, a week before the general election.

London, Nov. 30.—With elections only a few weeks away, the political situation in Great Britain is growing more acute. The chief candidates for Parliamentary seats are making speeches at an astounding number of places in the country, and the Liberal party is being urged to stand on its own feet.
